1 PURPOSE OF THE PLAN

- 1.1 The purpose of the Plan is to provide benefits to Emirates pilots in the event of permanent loss of Class I Medical Certificate and termination as a pilot by Emirates Airlines for medical reasons, and to provide savings benefits for Members and their Dependents and/or Relations, which is an optional benefit.

 - 1.2.1 Emirates Loss of License Insurance benefits are made in a 'lump-sum' payout, normally within 30-90 days of the pilot's GCAA Class I Medical Certificate being permanently revoked, irrespective of the same pilot being offered another position within the company. Once the pilot has received the Emirates Loss of License Insurance lump-sum payout following the permanent revocation of his/her GCAA Class I Medical Certificate, he/she is eligible to receive benefits from API, in accordance with the API Rules.

At the conclusion of this grace period, if payment has not been received, membership will be terminated. Should a member desire reinstatement, the Member should refer to Rule 4.

- 5.12 Under certain unlikely conditions, (for example a sudden, massive increase in the number of claims due the same tragedy i.e. a large group of pilots travelling together) the Plan allows for monthly payments to claimants to be reduced, at the discretion of the Trustee. This would only be towards ensuring viability of the Plan. In the unlikely event this facility of the Rules is required, Members and claimants will be provided with three months' written notice.
